

IMMOFP APPLICATION FORM

To be completed in full before a place can be reserved on any course.

Who can attend

Candidates that meet the required criteria must satisfy all sections as set out on this form. The course programme contains high level practical and theory elements consisting of a mixture of interactive discussions, faculty demonstrations and 15-30mins workstation skill assessments.

Candidates who are not HCPC physiotherapists or Doctors may consider it appropriate to complete Level 2 (PHIICIS or ATMIFF) prior to enrolling on the IMMOFP course to gain understanding of the course demands, knowledge and experience. NB L2 alternative qualifications would not enable personnel to enter the field of play to provide treatment and would only be undertaken as part of CPD.

Please enclose a passport sized photo and relevant certification of qualification along with your application form.

NB: Learners must return all the documentation required in order to secure a place on the course.
